VOICEMAIL ACCESS

When callers are forwarded or recall to your Voice MailBox, they can leave a voice message. Your Voice Mail Box is part of the integrated IPECS Platform. You can also configure your IPECS to send your Voicemails directly to your email, Backberry or iPhone.

To Retrieve a Voicemail:

- ◆ Dial your Voicemail access number
- ◆ Enter your station number and password
- ◆ Follow the instructions (save, replay, forward, delete etc)
